Students who have cans and bottles to be recycled at home and would like to donate them please bring them at the main office. Money collected from the fundraiser goes back in the school.

Be Green!

The Green Team has just put out compost bins located all around the school. Things like apple cores, banana peels and pizza crust can be composted. A special thanks to Mme Falmagne for organizing this!

Let's recycle!

In an effort to be more environmentally friendly, we have received several more big blue recycling bins from the city. We kindly ask all students and staff to not throw food in the blue recycling bins. These blue bins are for recyclable products such as paper, cardboard, plastic, glass and not for composting products like food and waste.
