

MOBILE PHONES, IPADS & ELECTRONIC DEVICES

MOBILE PHONES and personal electronic items all have the potential to be disruptive to class activity.

These items are not permitted during class times **(except for educational instruction) or between periods or at lunchtime**. If used inappropriately while on school property, they will be **confiscated and brought to the administration**.

Failure to turn over one of these devices when instructed will result in the student being suspended.

It is recommended that such items be left in the student's locker or at home.

The school cannot be responsible for the loss of such items.

Respect the rights and dignity of all students and staff when using social media, when videotaping or taking pictures.
