13 August 2020

Dear Lindsay Place Community,

I hope this ERMS finds you well. This has not been a typical summer for anyone with the presence of COVID 19. Thankfully the sunshine surely brought much needed warmth and positivity to our days.

Understandably, there has been much anticipation on the logistics of how schools will open this year. We wanted to touch base to assure you that we are presently working on a plan to safely open Lindsay Place High School. On Monday, August 10th, the Minister of Education made an announcement which included changes that we must now decipher and navigate. Once we have worked through the new Ministry directives with the school board, we will communicate the details for our opening. The school board will be sending you information this afternoon to further update you.

A few points to mention:

1. Over the summer we have had many renovation projects on the go. We will provide you with these details once finalized.
2. Access to the school is limited at this time.

Next week we will have an update with further information and will continue to share information as we move closer to our opening.

We thank you for your cooperation and patience,

Mrs. Payette and Ms. McKergow

Principal and Vice Principal
Lindsay Place High School
