February 18th, 2021

Good Evening Lindsay Place Families,

In collaboration with St. Thomas, we distributed option forms on Feb. 17th and 18th to our students. Ms. Lana Karabachian, our Guidance Counselor visited classes answering questions and helped organize Zoom sessions for our Gr 9 and 10 students as their selection of options is significant to their graduation and post-secondary requirements. **Please note that program placement will be determined by your child's final results and teacher recommendation in June.** That being said, you may choose to indicate your preference on the form by circling the program of choice.

The deadline to return the form to your child's homeroom teacher is Tuesday, February 23rd, 2021.

Should you have subject related questions you can email Ms. Lana:
lkarabachian02@lbpsb.qc.ca

For more information regarding course descriptions please see the link below. Please note, St Thomas is in the process of updating this information. It should be completed by this evening.

We have communicated to the administration of St. Thomas that there remain many questions surrounding the IB program. They will be organizing a Webinar in March for our students, after the break. We will let you know once a date is communicated to us.

Our Resource departments and Administration met again on February 15th to discuss our students' learning profiles. This meeting went well, establishing the continuation of support to our students and families.

Warm regards,
Mrs. Payette
