Curriculum Night Information

September 14th, 2020

Dear Parents/Guardians,

This year we must follow a new format for our Curriculum Night due to COVID 19 restrictions. This information will be communicated to you online through one of two formats:

Beginning September 17th through to September 30th, 2020 you will receive information from your child(ren)'s teachers communicating the selected format for your child's class. Please check the email that you provided to the school regularly, as this information will be sent to you there.

Teachers will select **one** of the two following formats to communicate with you:

1. September 17th live, through an online platform using either Google Meet or ZOOM. The teacher will send you a link to attend and give you the time of the session.
 - a. The teachers will follow your child's day 1 schedule
 - b. 10 min time blocks will be followed to give the teachers time to meet with all of their classes.

OR

2. A prerecorded link will be shared with you to view at your convenience from September 17th - September 30th. Questions regarding the curriculum and course outlines can be sent directly to the teacher, should there be any.

We thank you for your ongoing collaboration during these challenging times. We are energized witnessing the innovative practices and the positive learning experiences unfolding daily at LPHS.
